Subject: Request for Additional Time to Complete Division Directive, Red Dome Inc., Red Dome, M/027/032, Millard County, Utah

Dear Mr. Anderson:

The Division received your letter dated December 29, 2004, requesting an extension of the January 3, 2005 deadline for completing the February 27, 2004 Division Directive. Based on our phone discussions and the need for our engineers to converse about the design requirements, we will allow an additional 30 days to complete the Directive.

Red Dome must furnish the requested items and submit an updated plan to the Division for review by February 2, 2005. Please make every effort to complete the Division Directive as failure to provide the requested information, may result in enforcement action for your failure to have an approved mining and reclamation plan.

If you have any questions or concerns regarding this letter, please contact me at 801-538-5325.

Sincerely,

Daron R. Haddock  
Permit Supervisor  
Minerals Regulatory Program
